CONTENTS.

	Page.
FARMERS' BULLETIN NO. 1001.—GROWING FRUIT FOR HOME USE.	
Why the home fruit garden	3
The point of view	3
The plan	4
The site	6
Obtaining nursery stock	9
Dwarf trees	8
Season of planting	9
Preparation of the soil	9
Handling the stock from the nursery	10
Planting	11
Cultural methods	13
Maintaining soil fertility	14
Pruning and training	15
Control of insect pests and fungous diseases	20
Irrigation	21
Variation of fruit for different regions	22
Description of the different fruit districts	23
Comment on fruit varieties	27
Age of bearing	31
Lists of varieties for different districts	32
Farmers' Bulletins which have a bearing on fruit growing for home use	40
FARMERS' BULLETIN NO. 1002. CANADA THISTLE AND METHODS OF ERADICATION.	
Description of the Canada thistle	3
Introduction and spread of the pest	3
Confusion with other plants	5
Seeding habit and methods of seed distribution	6
Character of underground parts	8
Eradication of the weed	8
Helpful suggestions	14
FARMERS' BULLETIN NO. 1003.—HOW TO CONTROL BILLBUGS DESTRUCTIVE TO CEREAL AND FORAGE CROPS.	
How billbugs injure corn, grains, and grasses	3
General description of billbugs	6
Life history of billbugs in general	7
Blue-grass billbug	8
Corn billbug	9
Clay-colored billbug	10
Maize billbug	11
"Curlew bug"	14
Tule billbug	15
Cat-tail billbug	16
Destructive billbug	17
Y-marked billbug	18
Phoenix billbug	18
Little billbug	19
Natural enemies of billbugs	19
Means of control	20
FARMERS' BULLETIN NO. 1004.—THE GAS TRACTOR IN EASTERN FARMING.	
The tractor gaining favor in the East	3
What farms use tractors	4
Advantages and disadvantages of the tractor	5
Size of farm and tractor	9
Cost of tractor outfit	9
Life of the tractor	9
Tractor repairs	12
The tractor's day's work	13

FARMERS' BULLETIN NO. 1004.—THE GAS TRACTOR IN EASTERN FARMING—Continued. Page.
Cost of operating tractor 15
Economy of tractor 20
Quality of tractor work 22
The tractor operator 23
Reliability of the tractor 24
Displacement of horses 24
Tractor custom work 25
Effect on crop yields 26
Tractor equipment 27
FARMERS' BULLETIN NO. 1005.—SWEET CLOVER ON CORN-BELT FARMS.
Sweet clover as a regular crop 3
Three things essential to success with sweet clover 3
Fitting sweet clover into the farm system 5
Labor distribution 10
Farm systems with sweet clover in the rotation 11
Growing sweet clover for soil improvement only 25
Sweet clover in blue-grass pastures 26
FARMERS' BULLETIN NO. 1006.—THE WHEAT JOINTWORM AND ITS CONTROL.
Wheat jointworm and Hessian fly 3
States in which wheat jointworm damage occurs 4
Economic importance 4
Nature of injury 5
Seasonal history 8
History of the wheat jointworm in the United States 10
Natural enemies 11
Control measures 12
FARMERS' BULLETIN NO. 1007.—CONTROL OF THE ONION THRIPS.
Manifestation of injury 3
Description 3
Distribution 4
Life history and habits 4
Natural control 7
Methods of control 8
Hints to the onion grower 16
FARMERS' BULLETIN NO. 1008.—SAVING FARM LABOR BY HARVESTING CROPS WITH LIVE STOCK.
Farm animals as harvest hands 3
Prospective harvest hands 4
The alfalfa hay crop 5
Mixed hay 6
Clover and alfalfa hay 7
Hogging-down corn 8
Sheeping-off corn 9
Cattle on corn 10
Harvesting soy beans 11
Soy beans—feeding *vs.* thrashing 12
Marketing roughage 13
Marketing grain 14
Winter employment 15
FARMERS' BULLETIN NO. 1009.—HAY STACKERS.
Possibilities of hay stackers in the East and South 3
Descriptions of hay stackers 4
Cost of stackers 10
Size and management of stacking crews 11
Size of stack 16
Locating stacks 19
Building the stack 20
Temporary or emergency stacks 21
FARMERS' BULLETIN NO. 1010.—GAME LAWS FOR 1918.
Review of legislation of 1918 3
Summary of laws relating to seasons, licenses, limits, sale, and export 6
Disposition of game raised in captivity 44
New laws passed in 1918 47
Lacey Act, regulating interstate commerce in game 51

FARMERS' BULLETIN No. 1010.—GAME LAWS FOR 1918—Continued. Page.
Tariff Act, prohibiting importation of plumage 53
Law protecting birds and their eggs on Federal bird reservations 53
Treaty for the protection of migratory birds, by Great Britain and United States 53
Migratory Bird Treaty Act 56
Regulations for the protection of migratory birds 59
Canadian regulations under Migratory Birds Convention Act 65
Memorandum on the use of game as food 68
Officials from whom copies of game laws may be obtained 70

FARMERS' BULLETIN No. 1011.—THE WOOLEY WHITE FLY IN FLORIDA CITRUS GROVES.
What the woolly white fly is like 3
Introduction and spread in Florida 3
Host plants 4
How to distinguish the woolly white fly from the citrus and cloudy-winged white flies 5
Secretion of honeydew and growth of sooty mold 5
Seasonal activity 7
The woolly white fly favors scale increase 8
Natural enemies 9
Artificial methods of control 10
Summary 12

FARMERS' BULLETIN No. 1012.—THE PREPARATION OF BEES FOR OUTDOOR WINTERING.
The essentials to success 3
Necessity for strong colonies in the fall 4
Arrangement of the apiary 4
Insulation of the hive 6
Arrangement within the hive 11
Winter schedule 14
Winter stores 18
All the factors of good wintering are needed 19
Measures of success in wintering 20

FARMERS' BULLETIN No. 1013.—PRACTICAL HINTS ON RUNNING A GAS ENGINE.
Needless waste of labor 3
Use all information furnished by manufacturer 4
Lubrication 4
Keep all nuts tight 5
Stop, think—then follow a definite system 5
Starting troubles 6
Importance of thorough knowledge of gas engine 15
Trouble chart 15

FARMERS' BULLETIN No. 1014.—WINTERING BEES IN CELLARS.
Cellar wintering *versus* outdoor wintering 3
Where is cellar wintering advisable 4
Essentials to success 5
Necessity of strong colonies in the fall 5
Winter stores 6
Arrangement of the apiary 7
The bee cellar 7
Putting the bees into the cellar 12
Maintenance of the cellar during the winter 13
Removal of the bees from the cellar 17
Providing breeding room and stores in the spring 19
Measures of success in cellar wintering 20

FARMERS' BULLETIN No. 1015.—PRODUCING FAMILY AND FARM SUPPLIES ON THE COTTON FARM.
Importance of home production of supplies 3
The vegetable garden 5
The fruit garden 10
Cereals 10
Sirup and sugar 11
Animal food for the family 11
Feed for the family live stock 13
Acres needed to support a 2-mule family farm 14

FARMERS' BULLETIN NO. 1016.—PROPAGATION AND CULTURE OF THE DATE PALM.

Page.

Establishing date gardens in California 3
Propagation of the date palm 4
The nursery bed 10
Transplanting offshoots to permanent positions 11
Winter protection for young date palms 12
Irrigating the date garden 12
Fertilizing the date garden 13
Soils suitable for date gardens 15
Choice of location of date gardens 15
Pruning date palms 17
Fruit production in relation to offshoot production 17
Pollination of date palms 18

FARMERS' BULLETIN NO. 1017.—CATTLE SCAB AND METHODS OF CONTROL AND ERADICATION.

Varieties and general characteristics 3
Psoroptic or common scab 3
Sarcoptic scab 9
Chorioptic or symbiotic scab (tail mange) 14
Demodetic (follicular) mange 14
Methods of applying treatment 15
Directions for dipping 16
Dips for cattle scab 18
Lime-sulphur dip 19
Nicotin dips 21
Crude petroleum dips 21
Dipping plants 22

FARMERS' BULLETIN NO. 1018.—HEMMORRHAGIC SEPTICEMIA, STOCKYARDS FEVER, SWINE PLAGUE, FOWL CHOLERA, ETC.

Cause of the disease 3
Symptoms 4
Anatomical changes 5
Diagnosis 6
Prevention 7
Treatment 8
Disinfection of premises 8

FARMERS' BULLETIN NO. 1019.—STRAINING MILK.

Significance of sediment in milk 3
Sources of sediment 4
What straining does 4
Keeping dirt out of milk 6
Milk strainers 8
Suggestions 14

FARMERS' BULLETIN NO. 1020.—THE SWEET-POTATO WEEVIL AND ITS CONTROL.

Menace of the sweet-potato weevil 3
Extent of losses 4
Sources of infestation 5
Descriptive 6
Distribution 6
Food and other habits: Nature of injury 11
Seasonal history 13
Notes on the life cycle 15
Natural enemies 15
Control 16

FARMERS' BULLETIN NO. 1021.—ALFALFA ON CORN-BELT FARMS.

Statement of conditions 3
Cropping systems including alfalfa 5
The labor conflict between alfalfa and corn 8
Ways of overcoming labor conflict between alfalfa and corn 11
Labor-saving methods of handling hay 12
Labor-saving implements 16
Pasturing alfalfa 25
Advantages and limitations of alfalfa growing 32

FARMERS' BULLETIN NO. 1022.—LAWS RELATING TO FUR-BEARING ANIMALS, 1918.

Page.

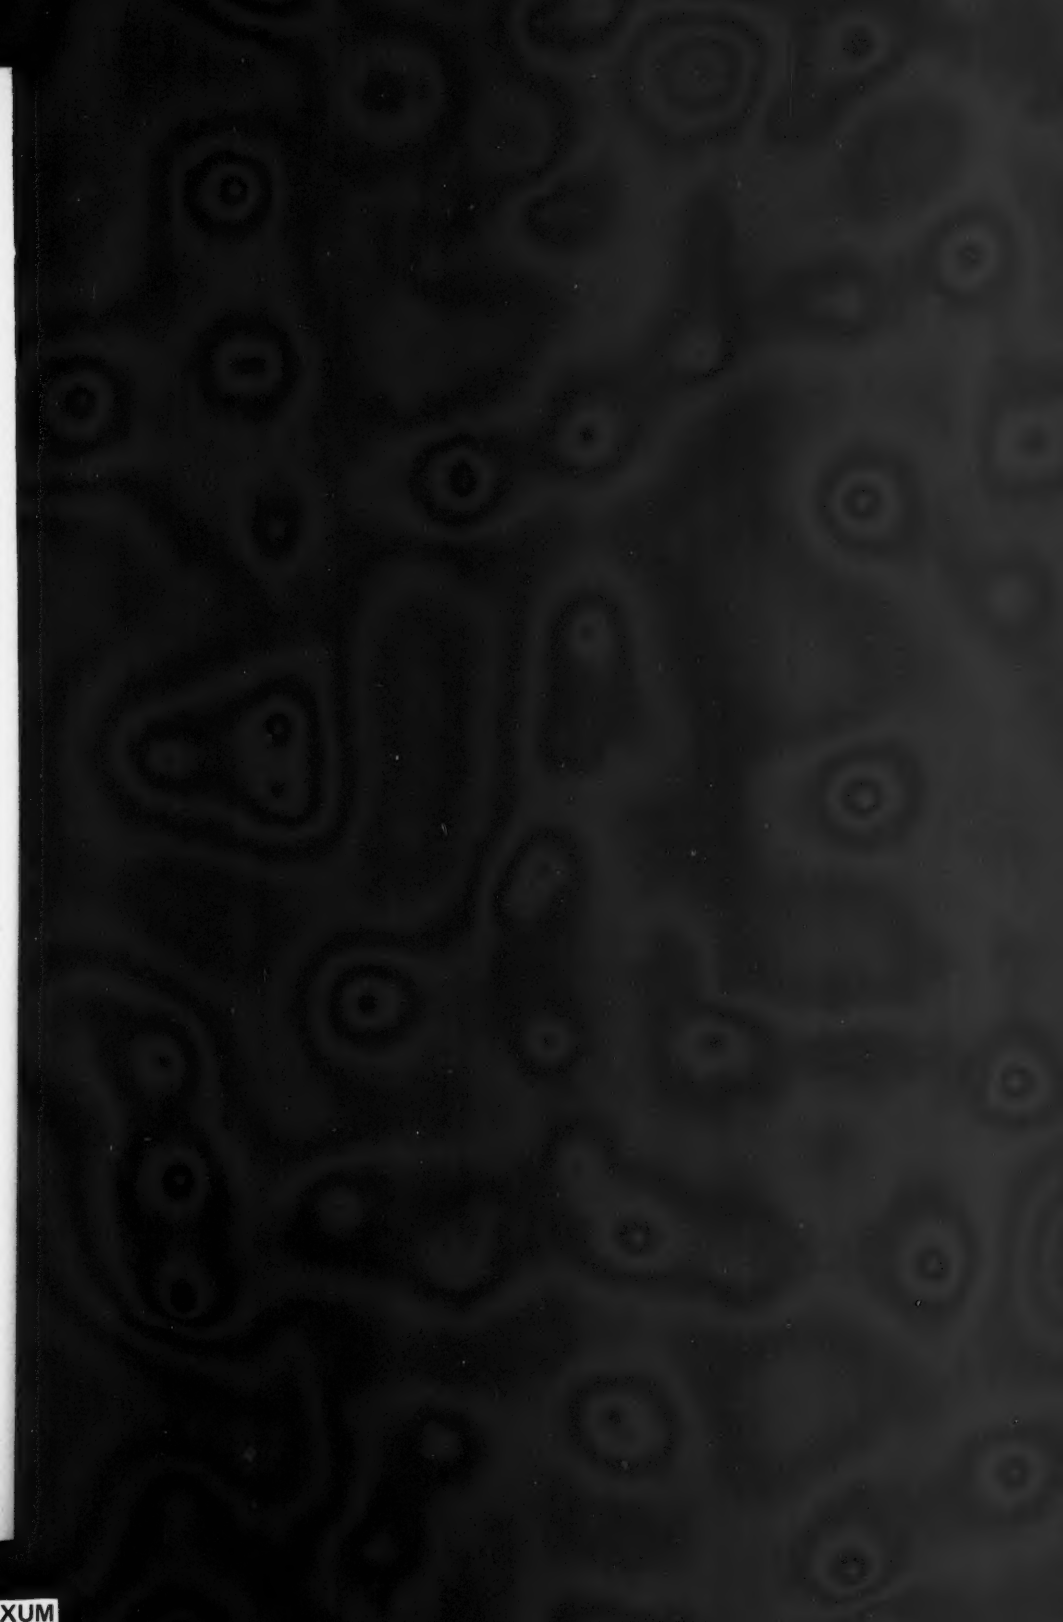
Legislation of 1918 ... 3
Federal laws ... 4
Laws of States and Provinces ... 5
Laws of Canada ... 25
Laws of Newfoundland ... 28
Summary of fur protection ... 29

FARMERS' BULLETIN NO. 1023.—MACHINERY FOR CUTTING FIREWOOD.

Wood for fuel ... 3
Getting wood ready for the saw ... 4
The circular saw ... 6
The drag-saw ... 12
Cost of operating ... 14

FARMERS' BULLETIN NO. 1024.—CURRANTS AND GOOSEBERRIES.

Regions where currants and gooseberries can be grown ... 3
Soil and site for a plantation ... 4
Preparation of the soil ... 5
Propagation of the plants ... 5
Handling nursery stock ... 7
Time to plant ... 7
Distance to plant ... 8
Directions for planting ... 9
Tillage and mulching ... 10
Interplanting and intercropping ... 11
Maintenance of fertility ... 12
Pruning the bushes ... 13
Injurious insects ... 18
Diseases ... 20
Spray schedule ... 25
Duration of a plantation ... 26
Harvesting the crop ... 26
Yields of fruit ... 28
Varieties ... 30
Ways of using the fruit ... 33
Laws affecting currants and gooseberries ... 37

FARMERS' BULLETIN NO. 1025.—THE LARGER CORNSTALK BORER.


Broken stalks and borer work ... 3
Where the borer is found ... 4
Extent of its damage ... 4
Nature of the damage ... 4
Descriptions of the different forms or stages of the insect ... 6
Habits of the larvæ, or borers ... 7
Life of the insect throughout the year ... 9
Other plants on which it feeds ... 10
Natural checks to its increase ... 10
How to prevent damage ... 11
